Experience

I have been working in television since 1999 on a range of programmes from documentaries, reality shows, entertainment and observational documentaries. I am a Canon C300 owner operator, although happy to shoot on any format.

Recent Credits

Extreme Homes

HGTV USA

DoP

A programme about the world's top architecturally interesting homes. Season 3 and 4.

Secret Knowledge

BBC4

DoP

Arts strand. Authored films with experts revealing their favorite hidden artistic treasures.

Bang Goes the Theory

BBC1

Lighting Cameraman

Prime time BBC1 strand. Presenter led, science and technology programme.

Gold Rush

Raw TV, Discovery

USA DoP

Season 3 of the highest rating show in the history of the Discovery Channel. Gold Rush follows a team of miners risking everything to escape the recession and make it big in the Klondike. Shot in the Yukon and Alaska.

Horizon: Out of Control?

BBC2

Lighting Cameraman

This programme takes a look at the processes that are at work in our unconscious. We all think that we are in control of what we are doing, but according to scientists, a lot of our decision-making goes on at an unconscious level.

Horizon: How to survive a Car Crash

BBC2

Lighting Cameraman

This episode looks into the damage car accidents can cause the human body, and how some car manufacturers are greatly reducing these risks using ground breaking scientific and technological discoveries.

Children In Need

BBC1

Lighting Cameraman

VT insert. Alesha Dixon takes a trip around an economically depressed area of South Wales, looking for disadvantaged youths and inviting them along to a local youth project partly funded by the charity.

Ring of Fire

Pioneer, History Channel

USA Lighting Cameraman

The Ring of Fire is part of the Emmy Award winning series "How the Earth Was Made". The Ring of Fire follows top US geologists to the volcanoes that line the pacific rim, discovering evidence that helps to explain the creation of the earth as we know it today.

Animal Cops Miami

Cameraman / Director

ITV Studios, Animal Planet USA

Animal Cops Miami is a long running observational documentary series following various agencies rescuing animals across Florida. Shot on HD XDCAM the programme includes a variety of both wild and domestic animals: from alligators and snakes in the Everglades to fighting pit bull dogs in Miami's ganglands.

Massacre at Virginia Tech

Lighting Cameraman

ORTV, BBC 2

Multi award winning programme, Massacre at Virginia Tech is a thought provoking documentary about the psychology of the Korean student, who shot and killed 32 of his fellow students and injured many others before committing suicide. Critics choice of the week - Sunday Times.
